Information on the Swedish Energy Agency's processing of personal data

The Swedish Energy Agency is responsible for the processing of personal data that is carried out as part of the Agency's work.

The regulations for the way in which personal data may be processed are contained in Regulation (EU) 2015/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and in the act (2018: 218) with additional provisions to the EU data protection regulation.

Personal data is all kinds of information that may refer directly or indirectly to a living natural person.

In order that the Swedish Energy Agency may process personal data, there must be legal grounds and a purpose for such processing. The legal grounds for the processing in question are exercise of authority. The purpose for processing the personal data submitted by you is for the account management of electricity certificates and/or guarantees of origin and for trading in electricity certificates and/or guarantees of origin.

You have the right to request information about and gain access to the personal data relating to you. You can also request that incorrect data relating to you is corrected or to that data is deleted, or that the processing be restricted. In certain cases, you may also have the right to object to the Swedish Energy Agency's processing of your personal data. If you feel that the Agency's processing of your personal data is in breach of the General Data Protection Regulation, you can submit a complaint to the Swedish Data Protection Authority.

If you have any queries concerning the processing of your personal data, you can contact the Swedish Energy Agency's Data Protection Officer.
